

Marine Radios

Safe Communication On The Water

Cobra's marine radios for boats are essential out on the water. Built-in GPS sends distress signals from your exact location, while 24-hour access to emergency alerts and NOAA weather broadcasts keep you informed, prepared, and aware. Whether you choose a handheld or a fixed-mount option, Cobra has marine radios for sale to help you be ready for the unexpected.

Floating, Water Resistant & Submersible

Easily retrieve your portable Cobra Marine Radio when dropped in the water. BURP feature vibrates water out of the speaker grill for clear communication. All Cobra Marine Fixed Mount Radios are up to IPX8 standards to work excellently underwater & are waterproof.

Advanced Technology

Rewind-Say-Again™ allows you to record & replay the last 20 seconds of a VHF call. Dual All-Terrain Radio™ designed for land & water use.

Allows you to communicate easily & effectively whether on or offshore with Bluetooth™ technology.

Cobra Jump Starter 1000A

1000 Amp Lithium-Ion

Jump Starter & Power Bank

With In-Car Jump Starting & Fast Charge USB

A Lifeline for Your Dead Battery

CPJS1000A

In-Vehicle Jump Start
